

Welcome to the Orange County  
Soil and Water Conservation District's

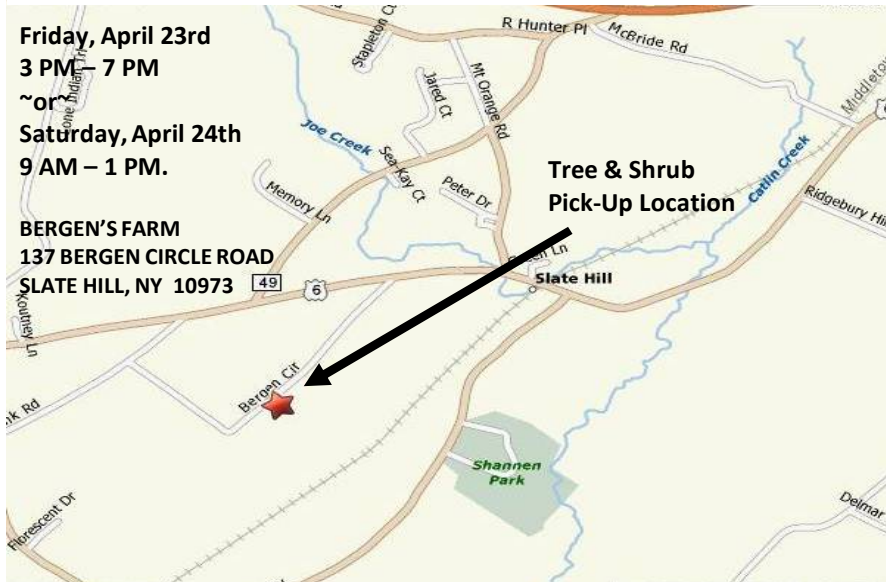

# Spring 2010 Tree & Shrub Sale

*Presented with Assistance from  
Cornell Cooperative Extension Orange County*

Protecting and improving water quality is a primary goal of the SWCDs. Conservation Districts are political subdivisions of state government where activities are governed by a locally appointed board of directors. They provide one-on-one assistance to private landowners, farmers and local governmental units in all aspects of natural resource protection including soil erosion control, wetland restoration, grazing management, wildlife habitat restoration, water quality improvement, livestock manure management, nutrient management and flood protection. Districts use nationally recognized conservation practice standards to guide this work. In addition to providing practical solutions to enhance and preserve our natural resources, we also take an active role in promoting environmental conservation education at schools as well as in the local communities.

Your purchase helps to fund our Soil and Water conservation projects as well as our educational activities. All products sold enhance the natural environment for wildlife.

Please feel free to contact our office with any questions you may have at (845) 343-1873 or email us at [chris.hopmayer@ocsoil.org](mailto:chris.hopmayer@ocsoil.org).

**SPECIAL  
ITEM**

**\$2.00 per  
plant**

## Strawberry Bush aka "Hearts-a-Bustin"

A native, deciduous shrub with dark green foliage that has creamy yellow flowers from May through June. Fruits are scarlet capsules that crack open to display beautiful, glossy red-orange pea-size berries that hang on by a single thread. Leaves turn a bright red in the Fall. Not suitable for human consumption. When purchased, plants are only 12 - 24" tall.

**Exposure:** Plant in Full to Part Shade.  
**Soil:** Prefers moist soil but can be planted in a wide variety of soils.  
**Growth Rate:** Medium  
**Mature Height:** 6 - 8 feet tall  
**Critter Resistance:** None
